## **November 3rd Minutes**

In attendance: Heather Nicholas, Merissa Graves, Spring Malone, Brian Jensen, Rachelle Peterson, Biryra Mula, Candyce Lee, Lora Bonham.

Last months minutes review Merissa motioned to approve it, Brian second.

We hired an art teacher. She is a college student. We will need to work around her schedule. We need more specials teachers, computer teacher quit 1 week into starting. We need more student advocates that could be subs if need be.

Reading and math acadience data review k-6 grade. Our 1st year with a new math program, learn as we go and adjust. We had a great increase in math scores over the year 2019-2020 school year.

5-6 graders behavior and wanting to be popular. We are seeing more name calling, inappropriate convos and unacceptable behavior. Keri offered digital night where parents can learn about social media. Not just adding kids on the social medias but being able to see their privacy settings and being able to see what they are trying to hide. Some parents show interest and care, others don't want to put in the work. Lack of interest and concerns.

That scary hacking email that supposedly came from Heather but it wasn't.

Merissa mentioned to close meeting, everyone seconded it.
