Portrait of a graduate- It is important to shift to these.

- Communication
- Critical thinking and problem solving
- Creativity and innovation
- Collaboration and teamwork
- Honesty, integrity and responsibility
- Service
- Respect

Shifting Perspectives:

Being more culturally aware and responsive. Students want to share their culture. They have many ideas. These are a few: Posters for February, march around Murray Mile, assemblies, inviting parents to come to classrooms and teach a skill or share a story or tradition, having a cultural themed carnival or celebration in the spring, creating a group of students (application with parent signature) to help organize and lead,

How can we support them?

Vision and Mission:

Submit ideas to Heather by the 26th so it can be on the next agenda.

Heather made a motion to close the meeting, Keith seconded.
